The above

Preparation Suggestion

1. Defrost overnight in the refrigerator.
2. Preheat oven to 400°F on high fan.
3. Bake for 7-10 or until side starts to slightly blacken and flip and repeat cooking until second side slightly blackened

Pan fry - from defrosted, heat skillet over medium high heat,

Add oil to coat pan and add bbbq strips. Cook until deep golden colour and slightly blackened and turn and repeat. Use whole or slice into regular recipe and serve

Place on center plate with other components as is or slice and present open side facing outwards

Potential for Misuse

Do not refreeze after thawing.
